The residents of the Town will be seeing a number of positive changes in and around the Town buildings.

1. At the Town Hall - an elevator in the front of the building for easier access to Town Offices. A \$91,000 Community Development Grant was secured to help fund this project. Work has begun, projected to be completed in October of this year.
2. The Marilla Post Office will be relocating in front of the Community Center. Work has started; the USPS is planning on having the new location ready for the Holiday Season. This will bring additional revenue for the Town. My plan is to use this revenue toward funding our Town Events.
3. The Marilla Country Store will be using the additional space vacated by the Post Office to expand the Store and provide a bigger selection of goods.
4. The Historical Society will be getting a new building for displaying their collection of Historical artifacts. The building will also house the Town Historian and his office. The building will be located behind the Town Hall next to the Roloff House. This will provide the Town and the Historical Society with a "Historical Complex"; something I think we can all be proud of. We are working with State Senator Gallivan's Office to secure \$100,000 worth of funding for this project. At this time it looks

5. The Space not used by the Post Office in front of the Community Center will be used as an additional meeting room and office for the Town Hall. This will happen once the new Historical Building is completed.

The Town of Marilla continues to be in excellent fiscal health going into 2019. The Budget process has begun. At this time I see no significant increase in taxes except under Sanitation. This is due to increased operating costs beyond our control. This increase should be partly offset by a decrease in Fire Protection costs. I will provide the residents with a more detailed breakdown once I complete my Budget and final review of finances.

As always, I want to thank all the Town Officials and employees for serving the community with pride and dignity. They make my job much easier.
